AMERICANS PROBABLY EXECUTED BY MEXICAN SOLDIERS

Refugees Fall Into Mexican Hands.

VERA CRUZ CONSUL FORWARDS REPORT

Story Says Victims Consist of Nineteen Americans and One Briton.

Chicago, April 25.—Twenty refugees, nineteen Americans and one British subject, have been taken prisoners by Huerta's forces and are believed to have been executed by a firing squad, according to a telegram received from Secretary Bryan by Dr. Herbert A. Parkyn, president of a Mexican plantation company.

Mr. Bryan's telegram is as follows:

"The following from the American consul at Vera Cruz is sent for your information: 'Am just reliably informed at 8 o'clock Tuesday night, soldiers stopped train in vicinity of Tierra Blanca on Vera Cruz isthmus railroad, taking following prisoners: W. Mangum, railroad superintendent; Elliott, engineer; Riley and Hart, conductors; all are Americans. These persons are taken to Cordoba or Orizaba and believed ordered shot.

"Some fifteen or more Americans left for Tierra Blanca. C. B. Herron, secretary isthmus railroad, wife and four children; J. O. Cook, chief engineer; John Flighter, conductor; J. F. Langston and wife; Kerwin, engineer and Mr. and Mrs. George Macomber.

"Some soldiers stopped at Hacienda Motzorongo on same railroad, taking prisoners Edward Wunsch and son Sidney, A. M. Turner, secretary of the Hacienda Motzorongo, all Americans; also a man named Boyd, British subject. All taken to Cordoba, or Orizaba. It is reliably stated that these prisoners may be executed. Admirals Fletcher and Badger have this information before them."

MEXICAN LOSSES SEVERE

Admiral Fletcher Reports 126 Killed and 195 Wounded.

Washington, April 25.—One hundred and twenty-six Mexicans have been killed and 195 wounded in the fighting at Vera Cruz since the American forces landed there on Tuesday. The first official announcement of Mexican casualties came in a dispatch from Rear Admiral Fletcher, made public by the navy department in this statement:

"A dispatch was received by the navy department from Admiral Fletcher at Vera Cruz and showed the list of casualties of the Mexicans as 126 killed, 195 wounded, making a total of casualties to date 321.

"Admiral Fletcher further reported that he informed Admiral Badger that quiet prevailed throughout Vera Cruz and that affairs gradually are being straightened out and confidence restored."

AMERICAN LOSSES GROW

List Totals Seventeen Killed and Seventy-five Wounded.

Washington, April 25.—Rear Admiral Badger at Vera Cruz reported to the navy department that his forces at Vera Cruz are so strongly posted that no attack from the Mexicans is expected at present.

Two were added to the official American list of dead, Louis Frank Boswell, chief gunner's mate, and Randolph Summerlin, marine private. But they lost their lives before the firing in the city was stopped. The list now totals seventeen killed and seventy-five wounded.

TRUCE IN STRIKE DISTRICT

Colorado Miners and Militia Suspend Hostilities.

Denver, April 25.—Numerous conferences resulted in an informal agreement for a truce in the strike district, according to Lieutenant Governor Fitzgerald, to let public sentiment subside. It was understood that strike leaders would use their influence to restrain their followers and the lieutenant governor said the militiamen would not take the offensive against peaceful strikers.

Lieutenant Governor Fitzgerald ordered the state troops to release John McLennan, district president of the United Mine Workers of America, who has been held a prisoner. There was no charge against him.

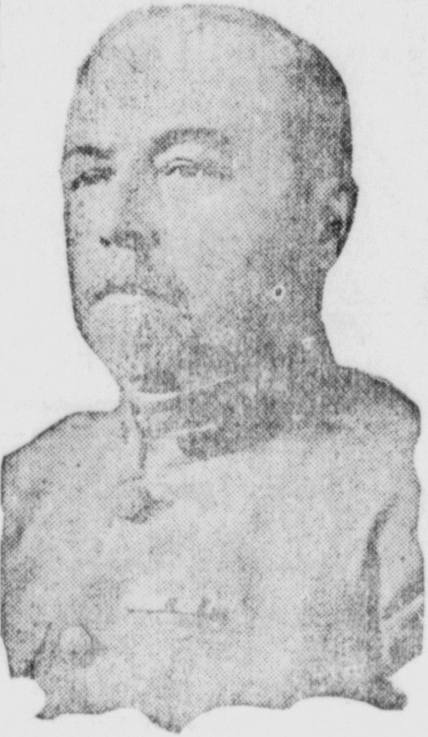

"Indefinite truce is on," read the message to the troops. "We must observe it. Go no further south than Ludlow until ordered."

O'Shaughnessy at Vera Cruz.

Washington, April 25.—Nelson O'Shaughnessy, American charge at Mexico City, his family and Consul General Shanklin and his staff arrived in Vera Cruz from the Mexican capital.

GENERAL FUNSTON.

Noted Warrior Is on His Way to Vera Cruz.

ON THE WAY TO VERA CRUZ

Four Regiments of Infantry Sail From Galveston.

Galveston, Tex., April 25.—Twenty hours after orders to start for the front were received from Washington the expeditionary force of the United States, four regiments of infantry, comprising 3,400 men, carrying twelve machine guns, sailed for Vera Cruz.

The Sixth cavalry and the Fourth artillery battery did not get away because there was no room on the transports. They probably will sail aboard commercial steamers.

The men who sailed, with those who will follow, comprise the Fifth brigade, reinforced, commanded by Brigadier General Frederick Funston. They are due in Vera Cruz some time Monday.

Preceding the transports were the torpedo boat destroyers Fusser, Reid and Preston, to act as convoys.

ARGENTINE PRESS SHOWS HOSTILITY

Claim American Attitude Only Revives Distrust.

Buenos Aires, April 25.—The press of Buenos Aires is unanimous in its expressions of disapproval of the attitude of the United States toward Mexico. La Nacion says:

"President Wilson tried to make Huerta resign and the revolutionists were counting on the sympathy of the White House. This would explain the conduct of Huerta in the Tampico affair.

"The quick action of the United States shows that they had intended to intervene. We are conscious of the fact that the incident springs from a state of affairs in which the integrity and independence of Mexico are at stake. The memory of this conflict will live in the history of the relations between the United States and Latin America."

"President Wilson's message to congress does not seem to be a message of state," La Prensa says. "The plan to overthrow Huerta in order to install a revolutionary general in his place would signify official partiality on the part of the United States without bringing about the pacification of the country. The military action by the United States aims at Mexico and not at Huerta."

"We fear a repetition in Mexico of the protectorate system the United States created in Cuba. The policy of the United States will revive the distrust of Latin America."

THIRD CAVALRY WANTS TO LEAD ADVANCE.

Washington, April 25.—"The Third cavalry wants to lead the advance from Vera Cruz as it did in 1847."

This message was telegraphed by Colonel A. P. Blockson at Fort Sam Houston, commanding the Third, to Brigadier General Hugh L. Scott, assistant chief of staff. General Scott formerly commanded the regiment.

REBELS CAPTURE MONTEREY

Take Largest Federal Stronghold in Northern Mexico.

Brownsville, Tex., April 25.—"Monterey is in the hands of the Constitutionalists after a five-day battle," was an official announcement from Constitutional headquarters in Matamoros, accompanied by the ringing of bells and an outburst of rebel enthusiasm throughout the city.

Monterey is the capital of Nuevo Leon, and an important railroad center. It was the largest stronghold remaining to the federalists in Northern Mexico.

FROWN ON VIGOROUS PROCEDURE

Wilson and Bryan Hope for Peace.

POWERFUL DEMAND TO INVADE MEXICO

Military Strategy Board Fears Delay Will Prove Dangerous Policy.

Washington, April 25.—With alarming reports reaching the state department and army officers concerning the grave dangers of outbreaks along the Mexican border and with the hope of avoiding a clash with the Mexican revolutionists as well as federalists gradually evaporating President Wilson and Secretary of State Bryan still are resisting a powerful demand that all the military forces of the United States be set in motion to clean up the dangerous situation in Mexico.

Again the members of the military strategy board urged upon the president the dire consequences that might follow further procrastination in making a business of subduing the revolutionary elements, rebels as well as federalists, in the Southern republic.

That a number of the members of the cabinet feel strongly on the matter and expressed themselves in emphatic terms at the cabinet meeting was learned on high authority. Two members of the cabinet insisted that all the fine word distinctions that have been used did not alter the fact that the United States already is engaged in a war.

Urges Extreme Forbearance. These remarks, it is understood, were directed at Secretary of State Bryan rather than President Wilson. Secretary Bryan is a stout champion of Villa, the revolutionary leader, and the secretary of state urged extreme forbearance in order to placate the rebel chieftain.

Cabinet colleagues of the secretary of state urged upon him the peril, under the present circumstances, of resting any plans upon the good faith of a roving Mexican soldier such as Villa. Continuing his vigorous opposition to any more aggressive tactics on the part of the United States, Secretary Bryan persists in arguing that this government is not engaged in war.

Army and navy officials called the attention of Secretary Bryan to the fact that in the operations about Vera Cruz the United States already has lost more marines and bluejackets than were killed in the entire Spanish-American war.

They insisted with great vehemence that a continuation of the present tactics means in the end the loss of many more lives and the necessity of military campaigns of very much longer duration than would be the case if both the army and navy jointly were given the word to strike.

Opposes Aggressive Tactics. Exactly what will be done in the way of mobilizing the state militia cannot be known until the Wilson cabinet gets together on a program of procedure. Bryan is holding back against every suggestion of aggressive tactics. Other cabinet officers, with the exception of Secretary of State Bryan, plainly showed signs of being disturbed at what they believe may be the serious consequences of Bryan's attitude.

In the meantime the United States military authorities, particularly the heads of the army, are straining at the bonds which keep them from starting on the campaign, already napped out in great detail, with Mexico City as the objective point.

They are convinced further delay threatens disaster and do not share in any way the optimism that Villa and the Mexican rebels will prove headfast, under existing conditions, in any alliance with the Washington government.

The United States military strategy board unanimously takes the position that American troops will have to enter Mexico City before order is restored in the southern republic. The occupation of the Mexican capital is believed to be inevitable whether Huerta remains or flees.

Huerta Will Not Yield. There is not the slightest idea that Huerta will meet the demands of the United States except at the point of a bayonet.

Should he flee the American consuls, as well as army experts who have been in Mexico for months making a study of conditions, are practically a unit in the belief that a state of anarchy will be precipitated, requiring the presence of American troops to quell.

Every day of delay, it is urged, means increasing difficulties in a march to Mexico City. Grave doubts were expressed in high official circles as to whether Villa is sincere in the protestations of friendship for the United States with which he has been credited during the past twenty-four hours. His reputation for trickery casts suspicion upon his motives.

President Wilson recognizes that the demand is growing all over the country that the troops of the United States should not be delayed in going straight to Mexico City. In the face of this increasing demand the president continues in his purpose to exhaust every opportunity to confine military operations to Huerta and that portion of Mexico controlled by the dictator.

COLONEL GOETHALS.

Takes Precautions to Guard Panama Canal.

© 1914, by American Press Association.

Laredo, Tex., April 25.—Nuevo Laredo, the thriving Mexican border town opposite here, is in ruins, devastated with dynamite and fire by Mexican federal soldiers, who began an orgy of destruction which did not end until they were forced to flee southward before the guns of the American border patrol.

Two Mexicans are known to have been killed by the United States troops and several were seen to fall when a machine gun platoon from Fort McIntosh got into action. Several brisk skirmishes between the Americans and Mexicans were fought in quick succession, as the Mexican troop trains ready to pull out of the burning city began an indiscriminate fire across the international boundary.

Property damage in Nuevo Laredo will reach \$500,000. Among the buildings destroyed were the United States consulate, municipal building, post office, theater, the flour mill, one of the largest in this section of the Southwest, the railroad shops of the Mexican National railway and other smaller structures.

The fire is still burning, with no chance that it would be controlled until everything inflammable had been wiped out. Kerosene and other combustibles, liberally used, added to the wreckage, which otherwise would have been great, owing to the adobe construction largely used.

There was no property loss in Laredo. Both international bridges are safe, though efforts to dynamite them resulted in the death of two men engaged in the undertaking. One Mexican was shot by a sharpshooter from the top of the water tower. The Mexican was trying to reach the end of the international foot and wagon bridge. Another was killed when he tried to blow up the American railroad bridge. Americans were constantly at the American side to prevent such an attempt.

When the Mexican soldiers finally departed order was quickly restored in Laredo, but strong guards remain throughout the city. A serious problem was furnished immigration and city authorities by the presence here of hundreds of refugees from the burning city who had to be furnished food and shelter.

ALL COURTESY FROM REBELS Trainload of Refugees Reaches El Paso.

Douglas, Ariz., April 25.—Coming by special train from the mining camps and ranches of Nacozari 257 refugees arrived here.

The rebel authorities extended every courtesy. Members of the Sonora state government and thirty-five soldiers as a guard accompanied the train. On the way here numerous stops were made to pick up the foreign occupants of lonely ranches.

None of the refugees was allowed to remove his firearms.

GOETHALS ORDERS CANAL PROTECTED

Places Panama Strip on Strict War Footing.

Panama, April 25.—Colonel George W. Goethals, governor of the Panama canal zone, issued orders placing the canal zone on a strict war footing.

He instructed Major Gebhardt, commanding the Tenth infantry, to send two companies of infantry to patrol the Gatun locks and one each for duty at the Miraflores and Pedro Miguel locks. The soldiers were given 100 rounds of ammunition each and will camp near the locks.

The operating machinery of all the locks will be securely locked and the keys placed in the possession of Colonel Goethals.

It is understood that coast artillery companies will be distributed among the fortifications on Flamenco and Culebra islands at the Pacific end of the canal and also at Toro point and other forts at the Atlantic end.

The action of Colonel Goethals is believed to have been the result of anti-American sentiment expressed in press sheets which were making their appearance in the streets of Panama and also shown editorially in El Diario, which is strongly pro-Mexican.

There are 250 Mexican employees on the canal and their presence probably also had something to do with the action of Colonel Goethals.

Garcia Rodriguez, a Mexican resident of this city, was arrested by the Panama authorities at the request of the canal zone police. He is charged with making inflammatory anti-American speeches.

John Lind must have played a hunch when he got out of Mexico.

Chicago women who want to vote must tell their ages and no woman in Illinois is eligible to the governorship who is under 30. Two annoying propositions for the vote aspirant and office seeking women of that state.

Duluth furnishes the dark horse candidates for governor, Elwood L. Rabb of that city having filed for the republican nomination. Two years ago a man by the name of Falk enrolled his name on the eligible list for governor and the filing of Thursday brings out a candidate as little known as is Falk. The unknown says he is "somewhat of a progressive" and that his friends urged him.

The St. Cloud Times says: "Hon. C. A. Lindbergh is a repeater. He has repeated his affidavit of two years ago that he is a republican. He has not affiliated with that party since that affidavit. He has been a Bull Moose. He is again a republican because he needs republican votes." And the Times is right. The people will not be fooled this time, however, for it is a well known fact that at Washington Mr. Lindbergh has refused to affiliate with the republican congressmen, taking committee assignments as a progressive but refusing to cast their banner in his district, at home a republican, at Washington anything that happens to suit his fancy. Lindbergh is the only man who has successfully played both ends of the political game against the middle and made it win. The republicans of the Sixth district have a candidate in the person of H. J. Maxfield who is loyal to the interests of the district and who will make a representative in congress worthy of the name.

MUSIC AND DRAMA

At the Empress

A big show is scheduled for Sunday and Monday, "The Salvation of Nance O'Shaughnessy" one of Selig's big two-reel features will be put on. The story of Nance, a little Irish-American girl left in her teens an unprotected orphan in the slums of Greater New York; she has that matter of temperament and attraction of beauty that attracts danger of a certain kind and her struggle amid the temptations of her surroundings, the contrasting characters in the cast together with the thrilling scenes of New York make a wonderful picture.

In addition to the above big drama "Dolly of the Dailies" will also be seen. In this number of the series Dolly puts one over the big scoop and is as charming and winsome as ever.

The cabaret team has something new to offer which will undoubtedly please the lovers of good rousing ragtime, and that is a rag time accompanist from the cities, Miss June Robinson is said to be the most popular ragtime artist in the northwest. Don't fail to see the team in "Pullman Porter" and "I Love Her Oh! Oh!"

At the Columbia

Seldom have moving picture fans witnessed a more pleasing entertainment than the one given last night at the Columbia. Chelsea 7750 with Henry Dixey was a wonderfully portrayed detective story. The weekly was excellent and the comedy was a scream. The management has booked the great Battle of Gettysburg for next Friday in 5 reels. This is supposed to be by all odds the most stupendous war spectacle in existence. \$35,000 was spent in powder alone. 18,000 men are used. A wonderful opportunity for everyone to witness this famous battle with every detail historically correct. Tonight the management have a special treat in store in a beautiful drama entitled "The Last Supper." The reviews of this picture have been excellent and a fine picture is expected. Tomorrow as usual the Columbia will strive to give their big program of the week. A 5 piece orchestra has been engaged with special soloists. A complete performance will be given in the afternoon as well as evening.

At the Grand

"Lucille Love" at the Grand last night was a great production and it will become more so every Friday and Saturday nights. We have this continued motion story for every Friday and Saturday night extra with our regular run, and it will last for 15 straight weeks. The story is published by us in our ad and also in the St. Paul Pioneer Press, Minneapolis Journal and Sunday magazine section the Duluth News-Tribune. You will enjoy the picture more by reading the story which you can get by following our next week's ad. Everybody saw Grace Cunard making her wonderful hydroplane flight across Manila Bay, P. I., trying to catch the steamer Empress and thus endeavoring to regain the stolen army documents. The reason that this continued story has had the great runs is because it is so realistic, sensational and clean. The same reels will be shown tonight. The Grand has secured for Sunday night "Family Honor." This 2-reel feature was selected on its own merits. This week's motion news of the world also will be shown Sunday night. Grand standard prices—5 and 10 cents.

A General Clean-up Request

To the Citizens of Brainerd:
The city council has taken action designating the week commencing Monday, April 27 and closing on Saturday, May 2nd, as a general clean-up week.

In order to give Brainerd a general clean-up, it is desired that all citizens co-operate by removing all rubbish, dead weeds, grass and leaves, and all inflammable material from alleys, streets and private property in the city.

It is also the desire of the city officials that all citizens use every precaution in safeguarding bon fires and to extinguish every bon fire during the night.

If all citizens will endeavor to burn up all inflammable rubbish during this week, it will result in a general clean-up and will make the balance of the spring evenings more enjoyable by the general absence of smoke from the bon fires.

Very truly yours,
R. A. HENNING, Mayor.

"The Last Supper"

Christ is shown as the hidden power that influences mankind to turn from iniquity to righteousness. The carnal mind, prompted by selfish and negative desires, experiences the operation of an inner consciousness, which thwarts evil passions and promotes good and noble aspirations. The kicked man is turned from his life of dissipation to one of honest effort. The sloven are awakened to a realization of their utter hopelessness. Everywhere the presence of a divine power is perceptible. The evil in a drunkard's home is banished by the thought of Christ, who appears as the man of Nazareth. The temper at the threshold of the idle rich is thwarted and the Christ man, by his presence, drives home conviction of guilt as the woman

scorns her lover to remain true to the absent husband. Innocence is not permitted to be victimized by the lust of the flesh as the quiet little voice of conscience, aroused by the proximity of the man of sorrows, averts a tragedy.

The "Thirteen Club," a social organization devoting its energies to the promulgation of higher ideals, is unwittingly the guest of a stranger, who turns out to be Christ. As they gather at the banquet table to discuss their experiences they dissolve into Christ and the Apostles at the Last Supper, after a renowned painting by the celebrated Leonardo di Vinci. The picture concludes with the gathering at the Sea of Galilee, where Christ is seen walking on the water.

SWEAR THEY VOTED DRY

Total Vote Cast at Crosby Certified as 422, Case May be Finished This Afternoon

After the contestants had introduced exhibits of tally sheets, etc., the defendants, the village of Crosby and the dry council asked permission to take the testimony of 15 witnesses.

The witnesses were asked if they had voided the candidates ballots and the license ballots. Their replies uniformly were, they had only voted on the license question. In cross examination it was brought out that the whole 15 had voted dry.

The total vote cast at the Crosby election was certified at 422.

It is the contention of the drys that the wets must have 212 votes if Crosby is to remain wet.

YOUNG WIFE DIES

Mrs. A. Delos Turner Died of Pneumonia After Two Days Illness—Husband Grief Stricken

Mrs. Ethel Ellen Turner, wife of A. Delos Turner, 1115 South Fifth street, died of pneumonia at 5:20 this morning. She was taken sick Thursday morning. Married last October, the young couple were very happy, had bought a home and were looking towards the future with confidence. They were a devoted pair. Today the home is silent and the husband is grief stricken.

Mrs. Turner was 18 years old and her parents, Mr. and Mrs. H. E. Hopkins, live in Kelliber. She leaves five brothers and two sisters. No funeral arrangements can be announced at present until all relatives are communicated with. She belonged to the Baptist church.

To Mr. Turner and to the other relatives the community extends its sincerest sympathy in their hour of trial and bereavement.

MRS. BOWERS PASSES AWAY

Wife of Alvin O. Bowers, Former Brainerd Residents, Died in International Falls

Shortly before 1 o'clock this morning Mrs. Alvin O. Bowers of this city died at the Northern Minnesota hospital. Funeral services will be held at Brainerd 2:30 Monday afternoon at the First Methodist church. Rev. E. E. Satterlee officiating. Interment will be in Evergreen cemetery there.

In February Mrs. Bowers was taken to the hospital where on the 22nd of that month she gave birth to a son. Mr. Bowers was overjoyed at the arrival of the heir and both he and Mrs. Bowers were happy in the thought that they would soon be able to resume the comradeship which they had enjoyed throughout their married life. For seven years a cloud had hung over their life, caused by the drowning of a son at Brainerd, and the arrival of the baby in February promised to dissipate the gloom and again make their home a sunny spot. At first the mother seemed to be recovering nicely but complications set in, resulting in general peritonitis and death at an early hour this morning.

Deceased was born in Indiana 38 years ago, and had been a true and loving wife to Mr. Bowers for nineteen years. The latter's grief is well nigh unbearable but he naturally finds some consolation in the thought that at least the infant son has been spared to him. The sympathy of the friends of the afflicted father goes out to him in his great misfortune and with them the hope is universal that the baby may be spared to comfort him in his later years.—International Falls Journal.

CHRIST THE ONLY WAY SAYS LOWRY

All Other Ways Lead to Death. Morality and Good Works are of No Avail

EXPENSES OF CAMPAIGN \$1200

And Only \$389 Has Been Raised Thus Far—Big Effort to be Made Sunday

Last night was a big night at the tabernacle. The building was filled every bench was occupied, the singing of the chorus and the male quartet special number were great attractions. All roads now are beginning to lead to the tar "shack."

There was a large number of country people present this evening. Some came from a considerable distance. These country delegations are among the most enthusiastic of all. The small towns about are beginning to take notice. In the next two weeks the tabernacle is expected to be the "Mecca" of hundreds of pilgrims.

Those who attend are not among the ones who are critically hostile. The distorted perversion of the evangelists' statements heard on the streets are unjust both to his intelligence and his spirit. The silly and ridiculous charges made concerning him can always be expected by any man doing aggressive religious work. Whoever draws religious and moral lines rigidly will be hated by those affected.

Sixty-three converts "hit" the saw-dust trail last night. It was a sight inspiring to every worker. Cheers were freely given as different individuals overcame their reserve and gave their hand to the evangelist. There have been three hundred and one conversions to date, as follows:

Monday night thirty six, Tuesday seventy-five, Wednesday sixty-seven, Thursday sixty-one, and Friday sixty-two. This makes a splendid start for the first week. Far wider proportions are expected to be reached. The actual expenses of the campaign, as summed up last evening by the executive committee, will amount to nearly \$1200. The collections so far have been about \$389. Sabbath a special effort will be made to raise the amount needed to clear expenses.

There will be four services tomorrow. The first one will be at 10:45 in the tabernacle. Then at 2:30 Mr. Lowry will give his famous sermon "Chickens Come Home to Roost." This will be for men only. At the same hour Mrs. Moody will speak to women only at the Norwegian Lutheran church, on the subject "A Three Fold Question." The different societies of young people will have a meeting at the same church at 6:30. Evening service at the tabernacle at 7:15. Monday the sermon will be "Hard Nuts for Skeptics and Infidels."

The evangelist used all his splendid power last night in bringing home his answer to the question, "Why all men are not Saved."

His text was John 5:40: "Ye will not come unto me that ye might have life." He said: The Bible gives the invitation to every man. "The Spirit and the Bride say come. Whosoever will let him come." Men are lost not by any reason of anything deficient in Jesus Christ. He is sufficient for all things. The whole world could be saved as easily as a single soul if it but trusted in Him. Every soul has been redeemed. The price has been paid yet the many reject the redeemer. Redemption has been made but people do not accept it.

If any man is lost he is lost not

by anything that is in Christ but by reason of what is in him. If Christ is sufficient to save one trembling sinner then He is sufficient to save all. He is the only way of salvation there is no other way. Other ways all lead to death. Morality, good works, keeping the law, being an upright man, are just so many ways of going to condemnation. "Christ alone is the door."

Jesus Christ is willing to save all. He was crucified on the cross with His arms wide apart. As wide apart as were His arms so wide is His love for mankind. He would embrace all. He cries "Turn ye, turn ye, for why will you die?"

If any man is lost, doomed, and damned it will not be because of any unwillingness in Jesus. The mother of a lost girl had her photograph put in the places of vice. Beneath were the words, "Come Home." It reached the girl and melted her heart. Contritely she crept home to forgiveness. Christ is the mother who bids sinning man "Come Home."

The door of God's mercy has never been shut on you since you went away. If lost it is not because our Saviour is not willing to save but because you are not willing to come. The reason many do not come is through ignorance. Ignorance of the sacrificial work of the Lord. Others feel no need of Christ. They are "getting along pretty well without Him." They are willing to take their chances. They do not realize that there is no chance—not even a slim one.

Those who are ignorant of God's righteousness and go about to establish their own righteousness are hardest of all to reach. The publicans and the harlots go into heaven before them. The man who is lost in sin knows his lost condition and cries out like the thief for God to remember him. The man who is lost in his self righteousness plumes himself on being a "good fellow." He has "kept the commandments from his youth up." "There can be nothing wrong with him," he thinks. All is wrong and all is lost.

There are others who think the way of salvation through faith in Christ is a foolish way. They reject it. It is today as it was of old the gospel is a stumbling block to some and foolishness to others. The "preaching of the cross is to all of them that perish foolishness." The natural man receiveth not the things of God for they are spiritually discerned. "No man can say Christ is the son of God except by the Holy Spirit."

These are the men who hate this tabernacle, who hate those who labor here, who hate anything that brings attention to their own "out-of-Christ" lives. Sin cornered will always fight. It is the nature of the beast.

Why do you hate this effort to make your town better? It is because you are made to think, and thinking is disquieting to you. Resist the Holy Ghost longer and He will depart from you.

Many in Brainerd are in hell today just as truly as they will be after they are dead. The corpse of the dead man in church will not save his soul. When alive he stepped over the "dead line."

Christ could convert you against your will but that would rob you of your free moral agency and that he will not do. He wants no automations in heaven. Give up your sins and you will not be troubled with unbelief.

The reason people run after Christian Science, spiritualism and new-thought-ism is because these deny the power of sin. Anything that denies that power and minimizes its effect will have people falling over themselves to get into. All "isms" that are "nice" and that compromise freely with the devil are much sought after by those who think they can fool God.

Say, you would like to go to heaven, wouldn't you, if you could take that adulteress, that card game, that dance hall, that saloon with you? You can't do it, sir. God don't want them there nor you either. Repent, for the kingdom of heaven is at hand.

The biggest fool in Brainerd is the man who thinks he can fool God.

Another reason why all men are not saved is because many will not humble themselves, be converted and become as little children. You want to dictate your own terms of salvation to God. You would like to be His counselor and advise Him. Just wait then till God asks you. You will wait long. He won't ask any man in Brainerd to fill that position.

It is either God's way or none for every last one. Jesus Christ never entered an unsundered life and never will. Those who are cursing these meetings will fall under their own condemnation. The fellow who has no time to think or talk religion will find that he has ample time to die.

The greater the light the greater the responsibility. Men who sin against the light must fall below the lowest ranks of all those who are finally lost.

Jesus saw us burning up for the water of life. He pressed the cup of salvation to our lips. Again and again he has brought it to us. What is your determination to do with it?

Heavy Cost.

"How much does it cost your husband to run his automobile?" "Well," replied Mrs. Chuggins, "the language I heard him use leads me to fear that it is going to cost him his eternal salvation."—Washington Star.

The table, laid for twelve, was beautiful with its centerpiece of pink carnations, with pink candles in tall holders, and with the flowers that marked each plate, corsage bouquets of pink rose buds, white sweet peas and ferns for the ladies and button-hole bouquets of pink carnations and ferns for the men, the individual bouquets being gifts from Mr. and Mrs. W. Clever and witty toasts were heard between courses, Mr. William Paley Barker presiding as toastmaster. The affair was a most delightful one to all the guests.

"A Perfect Woman Nobly Planned To Warn, to Comfort and Command"

Nature never intended woman to be delicate, ailing, or a sufferer from "nerves." Women in middle age complain of "hot flashes." Many women suffer needlessly from childhood to womanhood, and from motherhood to middle life with headache, or headache, dizziness, faintness, or bearing-down sensations. For a permanent relief from these distressing symptoms nothing is so good as

TRUTH TRIUMPHS

Brainerd Citizen Testify for the Public Benefit

A truthful statement of a Brainerd citizen given in his own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ills, use a tested kidney medicine.

A Brainerd citizen tells of Doan's Kidney Pills.

Could you demand more convincing proof of merit?

William Bourquin, carpenter, 913 Seventh St., Brainerd, Minn., says: "Some time ago I was suffering severely from kidney and bladder trouble. The kidney secretions were too frequent in passage, and I had backaches and pains through my sides and loins. The trouble kept me from working and gave me no end of annoyance. I finally used Doan's Kidney Pills, and they soon relieved me.

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bourquin had. Foster-Milburn Co., Props., Buffalo, N. Y.

I hereby announce myself as a candidate for sheriff of Crow Wing county and respectfully solicit the support of all voters at the primary election to be held June 16, 1914, and if nominated and elected I pledge my best efforts in serving the people of the county.

I have been a resident and taxpayer of this county for 24 years, previous to which I served five years in the U. S. regular army, as sergeant of Co. SMOTHERING SPELLS

Sour Stomach, Heart Burn

In October, 1910, we received a letter from Mrs. Hall, from which we make the following extracts:

"About twelve years ago my health began to fail. I couldn't eat anything without suffering for it. I had heart burn, sour stomach, palpitation of the heart, smothering spells, pains in my sides and back. In fact, I suffered all over, and a cough almost like consumption. Doctors failed to relieve me; in fact, they didn't seem to know what ailed me. I continued to grow worse until I was able to sit up only a part of the time. I had almost lost all hopes of ever being any better.

"But one day some one threw some books in at my door. I read them and found them to be Peruna books.

"They described my feeling so truly I sent at once and got a bottle and began taking it. You pronounced my ailment systemic catarrh, and gave me some advice.

"When I had taken two and one-half bottles I began to eat without suffering. I continued to improve.

"When I had taken eight I was like a new person. That was nine years ago.

"I think Peruna the greatest family remedy there is, for so many ailments are due to catarrhal trouble. I would advise any one afflicted with catarrh to take Peruna and I am sure it will leave."

In the Revised "Mills of Life" we have many similar testimonials which should interest sick people everywhere. Sent free by the Peruna Co., Columbus, Ohio.

People who object to liquid medicines can now obtain Peruna Tablets.

Overland and Ford Cars

Give you the most value for the money of any cars built. These two companies make immense numbers of cars and each company makes but one model, thereby saving thousands of dollars. The commissions allowed agents are the smallest of any cars sold, being only 15 percent. Other car makers allow 20, 25 and some 33 percent. The only reason that an agent can handle Overlands and Fords today is the large volume of cars sold. We sold 30 Fords last year and bought 40 for this year. We sold 10 Overlands last year and bought 20 this year, and have taken one half of our season's allotment already. Come in and examine the 1914 models, ride in them, and compare them with other cars costing many dollars more and you will then see for yourself. Overlands \$950, or \$1075 with Gray & Davis self starter and generator. Ford touring cars \$544. All cars sold F. O. B. factories. If you want a car you can get it this afternoon—no waiting.
